C RESIDENCE

Two Storey Single Attached
Residential Building

C Residence features three bedrooms, two full bathrooms, and one powder room. This residential home showcases a blend of wood and raw concrete finishes throughout. The interior design emphasizes wood elements complemented by white walls and furnishings, creating an expansive feel with its open floor plan. This layout not only enhances the sense of spaciousness but also allows residents the flexibility to easily redesign their living space if desired.

MASTER'S BEDROOM

5x7 CABIN

The 5x7 Cabin is a loft-style retreat designed for personal relaxation. Its large windows invite abundant natural light while offering picturesque views. The ground floor features vibrant living, dining, and kitchenette areas. Utilizing the space under the stairs cleverly combines a closet and storage. The loft area is dedicated solely to the bedroom, ensuring privacy and comfort

1-BEDROOM UNIT OF A MIXED USED COMMERCIAL BUILDING

S ROOM

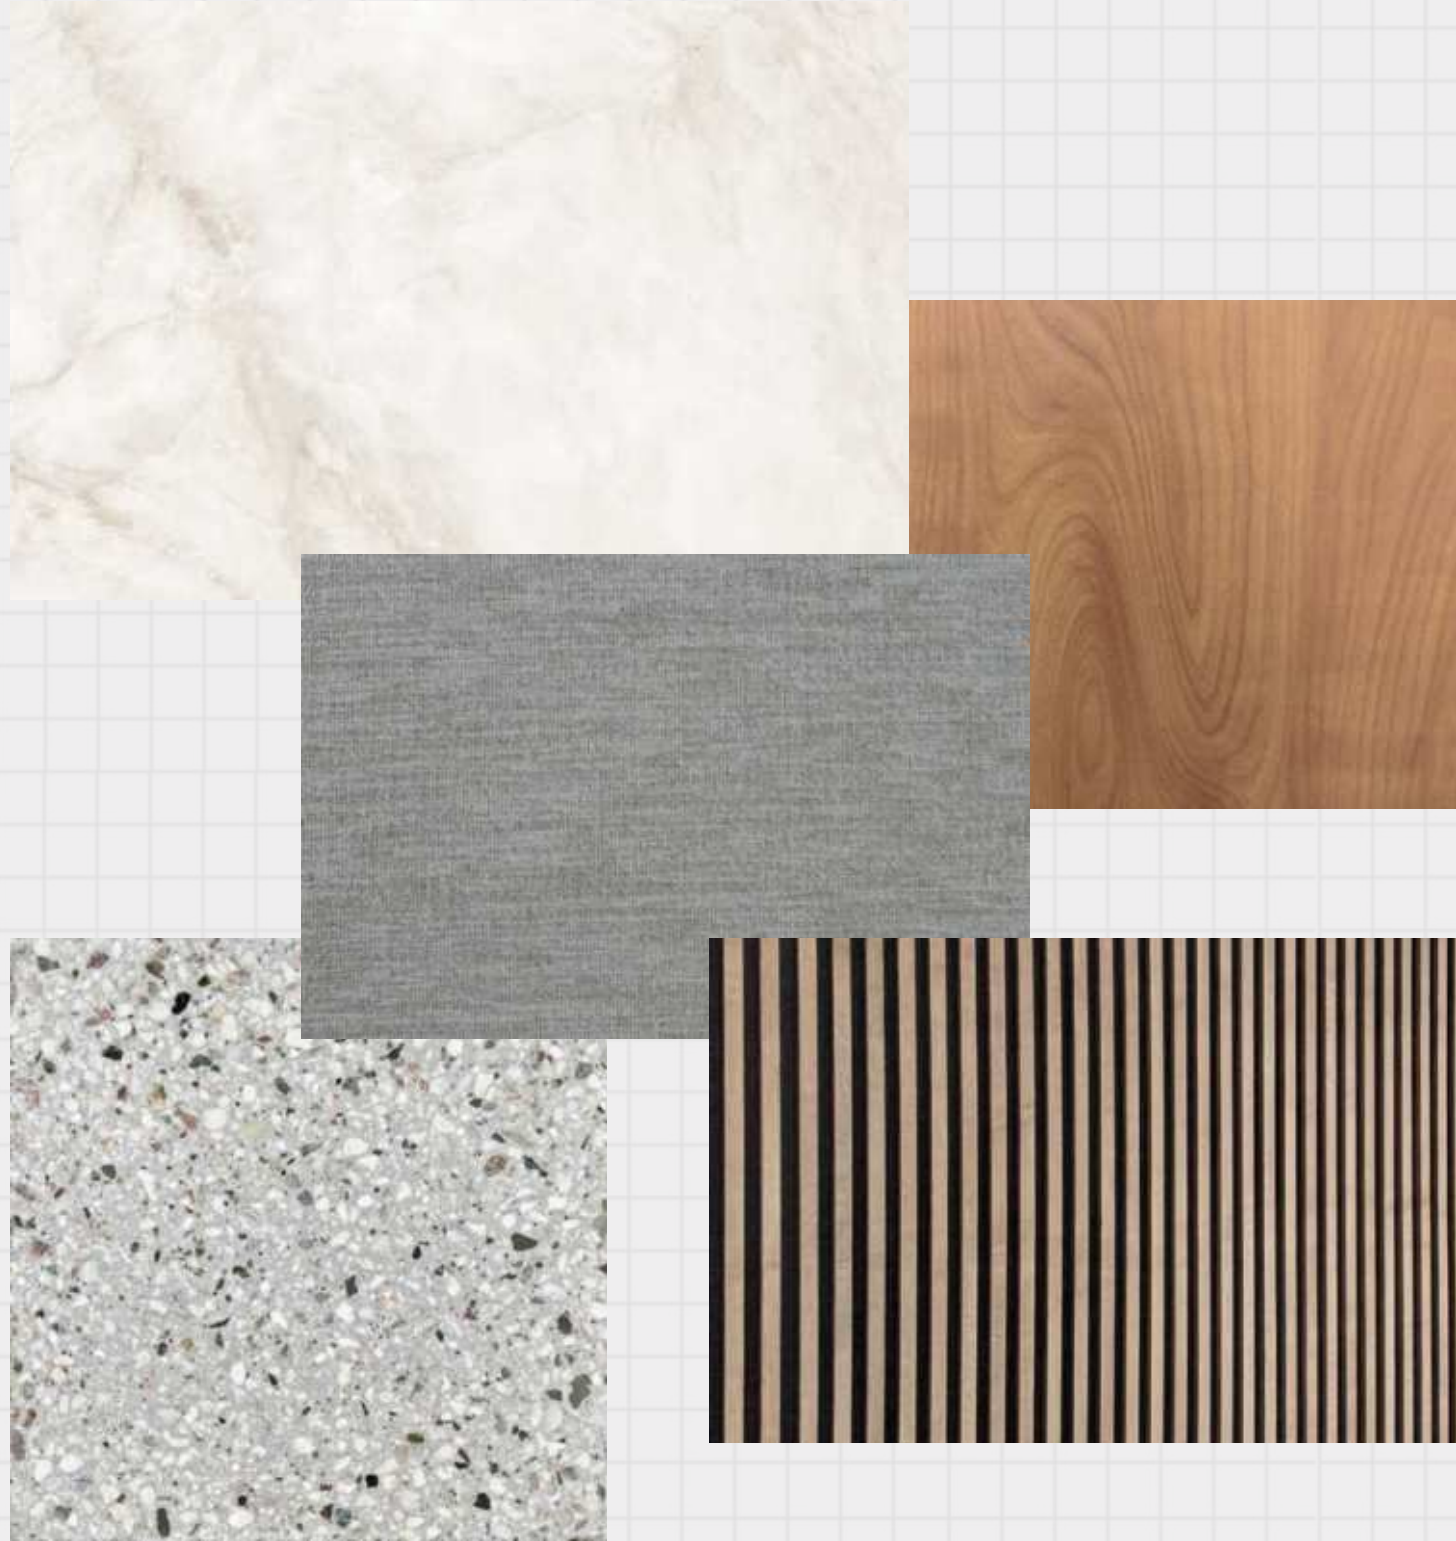

S Room is a 1-bedroom unit situated on the top floor of a 3-story mixed-use commercial building. This cozy space features a spacious living room, a kitchen adorned with a delightful breakfast nook, a full bathroom, and a practical storage/laundry room. The interior is elegantly designed with predominantly white hues, harmoniously contrasted by tasteful accents of wood. It has a luminous and airy atmosphere

HOME OFFICE RENOVATION

An existing bedroom has been transformed into a versatile home office and cozy entertainment retreat. The space maximizes efficiency with strategic wall storage for office supplies and entertainment essentials. Brightened by its white walls, the room ensures ample light distribution, enhancing its welcoming ambiance for both work and leisure.

CHOUSE RENOVATION

The renovation involved a two-storey residential house, focusing on refurbishing three bedrooms: the Master's Bedroom, Girl's Bedroom, and Boy's Bedroom. The Master's Bedroom was elegantly redesigned using a soothing palette of white and wood tones, creating a cozy retreat for the couple. The Girl's and Boy's Bedrooms were customized to reflect their individual preferences in color. Existing furniture was retained while each room was updated to suit their evolving needs

C CAFE

C cafe boasts defining feature of a gracefully wooden ceiling that dominates overhead, adding a touch of organic element to the space, complemented by clean, white walls that exude tranquility, and is contrasted with its sleek black accents. Designed with comfort in mind, it balances warmth and contemporary style seamlessly
